Director: Ms Nguyen Duy Linh Thao, M.A.

No.	Projects	Location	Project objectives	Scale (Ha)	Total investment capital (Billion VND)
I	TOURISM SECTOR (01 Project)				
1	Xep Ba Tau cultural and historic tourist area.	Confluence of Cai Lon River - Xep Ba Tau - Kinh Dong, Phuoc Tan hamlet, Vinh Phuoc commune, Go Quao district	Investing in services and tourist activities	5	13
II	TRADE SECTOR (08 projects)				
1	An Minh Bac residential area and market	An Minh Bac commune, U Minh Thuong district	Investing in exploiting markets (for buying, selling and exchanging goods) and houses	6	20
2	Nha Ngang residential area and market	Hoa Chanh commune, U Minh Thuong district	Investing in exploiting markets (for buying, selling and exchanging goods) and houses	6	20
3	Thoi Quan commune	Thoi Quan commune, Go Quao district	Investing in developing markets for buying, selling and exchanging goods	2.9	20

	residential area and market					
4	Vinh Hoa market	Vinh Hoa commune, U Minh Thuong district	Investing in exploiting markets for buying, selling and exchanging goods	0.3	3	
5	Nam Thai commune market	Nam Thai commune, An Bien district	Investing in developing markets for buying, selling and exchanging goods	0.3	10	
6	Nam Thai A commune market	Nam Thai A commune, An Bien district	Investing in developing markets for buying, selling and exchanging goods	0.3	10	
7	Nam Yen commune market	Nam Yen commune, An Bien district	Investing in developing markets for buying, selling and exchanging goods	0.3	10	
8	Keo 1 market	An Minh Bac commune, Vinh Thuan district	Investing in developing markets for buying, selling and exchanging goods	1.13	As investor's proposal	
III ENVIRONMENTAL SECTOR (03 Projects)						
1	Waste water collection and treatment system in Giong Rieng town	Giong Rieng town, Giong Rieng district	Investing in urban wastewater collection and treatment system to minimize environmental pollutants	1.37	As investor's proposal	
2	Waste water collection and treatment points at residential clusters in Giong Rieng district	Communes of: Hoa An - Hoa Thuan - Hoa Hung - Hoa Loi - Thanh Binh - Thanh Hoa - Thanh Phuoc - Thanh Loc - Ngoc Chuc - Ngoc Hoa - Ngoc Thanh - Ngoc Thuan - Ban Thach - Ban Tan Dinh - Vinh Thanh - Vinh Phu - Long Thanh, Giong Rieng district	Investing in wastewater collection and treatment points to minimize environmental pollutants	2.78	As investor's proposal	
3	Household waste treatment plant in Thanh Yen commune	Thanh Yen commune, U Minh Thuong district	Household waste treatment	3.4	8	
IV URBAN AND RURAL WATER SECTOR (03 Projects)						

1	Rural water supply station in Thanh Loc commune	Thanh Loc commune, Giong Rieng district	Investing in a water supply system to supply domestic water to households in the area and surroundings.	0.05	5
2	Expanding the reserve freshwater reservoir of Rach Gia city	Vinh Thong ward, Rach Gia city	Supplying raw water for Kien Giang Water Supply and Sewerage Plant	50	As investor's proposal
3	Rural water supply station in Hoa An commune	Hoa An commune, Giong Rieng district	Investing in a water supply system to supply domestic water to households in the communes of: Hoa Hung, Hoa An, Hoa Loi, Ngoc Hoa, Hoa Thuan, Ngoc Thuan, Ngoc Thanh, Ngoc Chuc and surroundings.	0.2	12
V INDUSTRIAL SECTOR (16 Projects)					
1	Xeo Ro - An Bien gas-fired power centre	Xeo Ro Industrial Zone, Hung Yen commune, An Bien district	Investment in gas-fired power center to generate and sell electricity to the national grid.	2 machines, 750MW/machine	As investor's proposal
2	Instant aquatic product processing factory project with capacity of 5,000 tons of products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the aquatic material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.	2	100
3	Grilled fish processing factory project with the capacity of 5,000 tons of products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the aquatic material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.	2	50
4	Agricultural product, fruit	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the agricultural material source, attracting the investment projects with applying advanced,	2	60

	processing factory project with capacity of 5,000 tons of products/year		environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.		
5	Canned food processing factory project with the capacity of 10,000 tons of products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the aquatic and agricultural material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality to meet the demand for domestic and export consumption of canned foods.	20	200
6	Electronic product and computer production and assembling factory project with the capacity of 500,000 of products/year	Thanh Loc Industrial Zone (Phase 1)	Attracting the investment project using advanced and modern technologies and equipment to create the hi-tech electronic accessories and products to meet the demand of domestic markets and export.	5	230
7	Starch processing factory project with the capacity of 5,000 tons of products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting and using effectively the agricultural material source, attracting investment projects with applying advanced and environmentally-friendly technologies to increase the production capacity and product quality to meet the demand for domestic consumption and export.	2	70
8	Household plastic product factory project with the capacity of 2,500 m3 products/year	Thanh Loc Industrial Zone (Phase 1)	Attracting investment projects with applying advanced and environmentally-friendly technologies to increase the production capacity and product quality to meet the demand for consumption of packaging,	1.5	50

			household plastic products in the processing industry and serving consumers.			
9	Pharmaceutical and cosmetic production factory with the capacity of 300 million products/year	Thanh Loc Industrial Zone (Phase 1)	Attracting investment projects applying advanced, environmentally-friendly technologies to increase the production capacity and product quality to meet the domestic demand and export of pharmaceutical and cosmetic products	2	300	
10	Instant aquatic product processing factory project with capacity of 3,000 tons of products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the aquatic material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.	2.5	300	
11	Fish oil extraction and refining factory project with a capacity of 3,000 tons of products/year.	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively the aquatic material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.	2.5	150	
12	Producing and processing wooden furniture factory project with a capacity of 1,000m ³ products/year	Thanh Loc Industrial Zone (Phase 1)	Exploiting, using effectively wooden material source, attracting the investment projects with applying advanced, environmentally-friendly technologies to increase the production capacity and quality of products to meet the demand for domestic consumption and export.	1.6	75	
13	Paper packaging production factory project	Thanh Loc Industrial Zone (Phase 1)	Attracting investment projects with applying advanced and environmentally-friendly technologies to increase the production capacity and product quality to meet the	1.6	100	

				demand for consumption of packaging, household plastic products in the processing industry and serving consumers.		
14	Export garment and textile product production factory project with the capacity of 3 millions of products/year	Thanh Loc Industrial Zone (Phase 1)		Attracting investment projects applying advanced, environmentally-friendly technologies to increase the production capacity and product quality to meet demand for export garment and textile products, increase the export turnover.	2	90
15	Export suitcase, bag, leather footwear manufacturing and processing factory, with the capacity of 5 millions of products/year	Thanh Loc Industrial Zone (Phase 1)		Attracting investment projects applying advanced, environmentally-friendly technologies to increase the production capacity and product quality to meet demand for export leather footwear products, increase the export turnover.	4	300
16	Centralized wastewater treatment plant investment project with the capacity of 3,500 m ³ /day and night	Thanh Loc Industrial Zone (Phase 1)		Attracting the projects with applying advanced technologies to invest into the centralized wastewater treatment systems in industrial zones to meet the current regulations before discharging to the receiving source.	2	150
VI	TECHNICAL INFRASTRUCTURE FOR INDUSTRIAL ZONES AND CLUSTERS AND COACH STATION (08 Projects)					
1	Investment into technical infrastructure for Thuan Yen Industrial Zone	Thuan Yen commune, Ha Tien City		Creating clean land fund with the synchronous technical infrastructure, calling for secondary investors to implement investment projects: installing electronic equipments, garment, leather footwear for export, consumption industry, building	133.95	1,160

			materials, handicraft and fine art products for export, etc.			
2	Xeo Ro Industrial Zone Technical Infrastructure Investment Project	Hung Yen commune, An Bien district	Creating clean land fund with the synchronous technical infrastructure, calling for secondary investors to implement investment projects: Processing industry, garment and textile, mechanics, ship-building, building materials, etc.	210.54	As investor's proposal	
3	Thanh Loc Industrial Zone Technical Infrastructure Investment Project (phase 2)	Thanh Loc commune, Chau Thanh district	Creating clean land fund with the synchronous technical infrastructure, calling for secondary investors to implement investment projects: processing agricultural products, food, consumption production industry, mechanics, handicraft and fine art product for export, hi-tech industry, etc.	100	1,797	
4	Technical infrastructure investment for Dong Bac Vinh Hiep Industrial Cluster	Vinh Hiep ward, Rach Gia city	Creating clean land fund with the synchronous technical infrastructure, calling for secondary investors to implement investment projects: consumption production, processing agricultural products, industry, mechanics, etc.	45	915	
5	Technical infrastructure investment for Thanh Phu Industrial Cluster	Dong Thanh commune, An Minh district	Investing in the development of processing aquatic products for export with synchronous infrastructure	50	300	
6	Technical infrastructure investment for Binh Son Industrial Cluster	Binh Son commune, Hon Dat district	Creating clean land fund with the synchronous technical infrastructure, calling for secondary investors to implement investment projects: Food, foodstuff processing, aquatic, agricultural product processing, etc.	50	392	

7	Giong Rieng coach station	Giong Rieng town, Giong Rieng district	Passenger and cargo transport services	1.7	As investor's proposal
8	Coach station area, residential area, fruit and vegetable wholesale market	Vo Van Kiet street (Section of He Thu 1 and He Thu 2 canals - opposite to Dong Bac Vinh Hiep industrial cluster)	Relocation of Rach Gia coach station to the city bypass route, agricultural product wholesale market and residential area	29.44	As investor's proposal
VII HOUSING AND URBAN DEVELOPMENT SECTOR (06 Projects)					
1	Worker's housing area investment project of Thanh Loc Industrial Zone	Thanh Loc commune, Chau Thanh district	Investing in the construction of worker housing to meet the housing needs of households and workers working in the industrial zone.	60.43	As investor's proposal
2	Vinh Hiep ward new urban area	In the area of Kenh Don Dong - Kenh Duong Thuy Phia Nam - Kenh Ap Chien Luoc, Vinh Hiep ward, Rach Gia city	Investing in infrastructure development, urban embellishment, housing and social works serving the people.	150	As investor's proposal
3	Road no.1 residential area	Vinh Quang ward, Rach Gia city	Investing in the development of technical infrastructure, combine the arrangement of commerce and services and townhouses on both sides.	The road length of 2.7km, the area of 22.82ha	989
4	Extended Huynh Thuc Khang street residential area	From Lien Huong street to Road no.1, Rach Gia city	Investing in the development of technical infrastructure, combine the arrangement of commerce and services and townhouses on both sides.	The road length of 1.4km, the area of 9.45ha	534
5	Giong Rieng town residential area	Giong Rieng town, Giong Rieng district (Area 3)	Invest in building residential areas to meet housing needs, develop trade, services, culture and sports.	8	300
6	Long Thanh commune new rural residential area	Long Thanh commune, Giong Rieng district	Investing in building residential area, educational, parks and commercial areas to meet the housing needs for socio-economic development of Long Thanh commune.	9.4	120

VIII EDUCATION AND TRAINING SECTOR (03 Projects)				
1	Multi-level high school in Vinh Quang ward	Vinh Quang ward, Rach Gia city	Investing in education development.	As investor's proposal 10
2	Multi-level high school in Vinh Hiep ward	Vinh Hiep ward, Rach Gia city	Investing in education development.	As investor's proposal 5
3	Multi-level high school in Vinh Loi ward	Vinh Loi ward, Rach Gia city	Investing in education development.	As investor's proposal 7.5
IX CULTURE – SPORTS SECTOR (01 Project)				
1	Sports and exercises area	Giong Rieng town, Giong Rieng district (Area V)	Investing in serving the needs of fitness and sports.	As investor's proposal 3.17
X OTHER SECTOR (01 Project)				
1	Phi Thong commune People's Cemetery	Phi Thong commune, Rach Gia city	Invest in traffic, infrastructure, trees, land use structure for one-time burial and ancillary services.	As investor's proposal 5.95
