

Quarantine Measures for Short-term Business Travelers to Taiwan

Bureau of Foreign Trade
Ministry of Economic Affairs
July 2021

Contents

**01 General Principle:
14-Day Quarantine**

02 Applications on a Case-by-Case Basis

COVID-19

General Principle: 14-Day Quarantine

- In principle, holders of a valid Taiwan Resident Certificate and foreigners granted entry for emergency or humanitarian reasons are required to quarantine for 14 days.

Requirements:

01

Certification of a negative PCR test taken within 3 days prior to boarding

02

Register with the Quarantine System for Entry with a mobile phone number in Taiwan

03

Travelers are subject to a 14-day quarantine (must provide proof of quarantine residence).

- Those entering Taiwan from "key high-risk countries" will be admitted to centralized quarantine locations.
- Others shall stay at epidemic prevention lodgings or centralized quarantine locations at their own expense.

(The key high-risk countries : <https://www.immigration.gov.tw/5475/5478/6928/6940/212474/268184/>)

02-1 Applications on a Case-by-Case Basis

★ Priority Cases:

- 1) Important investments
- 2) Large procurements
- 3) Compliance with business contracts

Conditions for Application

1. Comprehensive disease prevention plan
2. Purpose for visiting to Taiwan is necessary, urgent, or irreplaceable
3. Contributions are important to Taiwan's economy.
4. Adherence to the principles of small numbers of business travelers, short duration of stay, and swift entry and departure of groups

02-2
